ABOUT MAMOOTIL GROUP

Established in 1979, Mamoottil Group is a multi-generational family enterprise with over 46 years of excellence in agriculture and construction materials. From its beginnings as a commercial plant nursery, the company has grown into one of Kerala's trusted manufacturers of premium concrete products, serving residential, commercial, industrial, and infrastructure developments.

With multiple concrete manufacturing facilities equipped with advanced hydraulic compression technology, alongside extensive commercial nursery operations dedicated to plant cultivation, Mamoottil Group combines modern manufacturing with decades of industry expertise.

Our products have contributed to major infrastructure developments, including Kannur International Airport, National Highway, and State Highway projects. Today, we proudly supply leading contractors, developers, institutions, government projects, and thousands of retail and wholesale customers across Kerala.

Driven by quality, reliability, and long-term partnerships, Mamoottil Group continues to support the growth of Kerala's infrastructure and agricultural sectors through dependable products, professional service, and consistent manufacturing standards.

OUR SERVICES & DIVISIONS

Over 46 years of multi-generational experience servicing Kerala's finest infrastructure projects with premium M-Grade materials and landscaping solutions.

INTERLOCKING PAVING

High M-grade pavement tiles designed for maximum load tolerances, featuring anti-skid surfaces and high weather resistance for residential and heavy-duty industrial applications.

HOLLOW BLOCKS

Lightweight structural masonry featuring uniform density, providing excellent thermal and acoustic insulation designed specifically for modern energy-efficient builds.

SOLID BLOCKS

High-pressure hydraulic compressed blocks built for absolute foundation strength, extreme durability, and heavy load-bearing structural columns.

PRECAST FRAMES

Precision-engineered concrete door and window casings offering twist-free, highly durable, and termite-proof alternatives to traditional timber systems.

PROFESSIONAL EARTHWORKS

Heavy mechanical lot excavation, exact architectural terrain grading arrays, and mass landscape leveling operations for massive construction sites.

COMMERCIAL NURSERY

Wholesale architectural flora, regional landscape planning saplings, and bulk green ecosystem solutions with massive inventories of acclimatized plants.

INTERLOCKING PAVING

Premium pavement blocks engineered for absolute structural integrity and lifetime durability.

Complete Logistics Solutions

Offering end-to-end transport for all our heavy materials direct to your construction site.

COMMERCIAL & FRUIT NURSERIES (PART 1)

Wholesale architectural flora, regional landscape planning saplings, and bulk green ecosystem solutions.

Rubber

Premium rubber saplings derived from superior high-yielding clones such as RR11 105 and RR11 414.

Arecanut

Elite Mangala and Sumangala arecanut saplings raised from strictly monitored mother palms.

Teak

Premium structural timber saplings grown from elite seed origins and tissue culture lines.

Black Pepper

High-density Panniyur clones displaying exceptional vine vigor and long spike formation.

Jathi (Nutmeg)

Premium elite grafted Nutmeg plants carefully configured to ensure productive female trees.

Cocoa

Intercrop-optimized Cocoa saplings boasting continuous flowering cycles and stable pod production.

Vanilla

Premium orchid vine stock cultivated under strict moisture controls for high vanillin content.

Coconut

Elite West Coast Tall and premium hybrid varieties selected for rapid canopy spread.

Rooted in Quality

Our meticulously managed shade houses ensure every sapling develops robust root systems and exceptional climate resilience before reaching your plantation.

COMMERCIAL & FRUIT NURSERIES (PART 2)

Wholesale architectural flora, regional landscape planning saplings, and bulk green ecosystem solutions.

Kullan Coconut

High-performing dwarf coconut cultivars specifically selected for compact spaces and early fruiting.

Cashew

Scientifically grafted cashew strains like BPP 8 and Priyanka engineered for high yields.

Rambutan

Exotic high-yield grafted Rambutan trees such as N18 and E35 for robust fruiting clusters.

Guava

Prolific fruiting dwarf and semi-dwarf guava selections including Arkamalyada and VNR Bihi.

Jack Fruit

Premium honey-sweet Varikka varieties alongside specialized all-season dwarf jackfruit configurations.

Mango

Elite commercial mango grafts encompassing Alphonso, Banganapalli, and local favorite varieties.

Mangosteen

Highly prized tropical queen fruit saplings nurtured with specialized shade and root management protocols.

Extensive Greenhouse Nurseries

Maintaining massive inventories of acclimatized flora, our agricultural division supplies state-wide landscaping developments with disease-free, high-yield saplings.
